

Closure Turf Project Complete

August 24, 2018

SYLMAR, Calif. (Aug. 24, 2018) – The Sunshine Canyon Landfill team reported this week they completed installation of closure turf – an impermeable synthetic liner overlain by artificial turf – over five additional acres of the Landfill. To date, the Landfill has installed a total of 26 acres of closure turf to support landfill gas collection and control enhancements made since 2017. Moving forward, the Landfill remains committed to making investments in additional landfill systems and infrastructure to continue operating Sunshine Canyon Landfill responsibly, safely and as a good neighbor.
